Electronic Air Purifier

Console Model

Clean and refresh your indoor air with the Trion Console Electronic Air Purifier.

5
5-Year
Limited Warranty

three stage

filtration

Removes up to 95% of airborne pollutants such as pet dander, dust mites mold spores and more

The powerful Console model will clean the air in one large room or several small rooms.

- Perfect for home or office
- Reduces household dust that causes extra housework and can damage home electronics
- Helps protect your family from indoor air pollution
- Easy maintenance and high efficiency
- Includes permanent, washable Forever Filter[®]
- Whisper-quiet fan circulates fresh, clean air
- Fits into any decor; the size is comparable to an audio speaker at only 12" x 12" x 28 1/2"

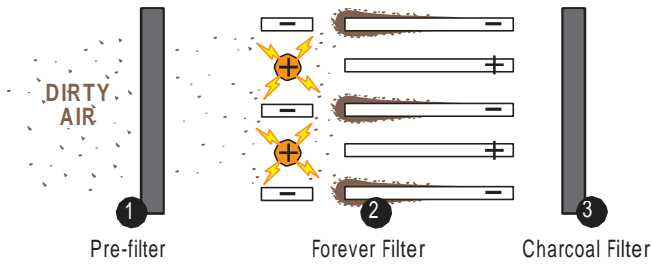

Forever Filter[®]
Clean and Reuse

Superior technology that pays for itself!

Trion's exclusive Forever Filter[®] attracts and captures charged dust and dirt particles on aluminum plates that are simply lifted out and rinsed off in the sink. There are no expensive HEPA filters to replace!

Clean Air for Better Health!

How the Trion Electronic Air Purifier Works

The Trion by Fedders Console model features our exclusive 3-stage filtration. The pre-filter traps larger particles, while the Forever Filter electrically charges small particles like dust, smoke and pollen and then captures them on aluminum plates. An activated charcoal filter reduces gases and household odors.

three stage

filtration

Features

- Removes particles as small as .01 micron
- Removes up to 95% of common airborne pollutants: mold spores, dust mites, dirt, animal dander and more
- Helps remove odors with an activated charcoal filter
- Permanent, washable Forever Filter®
- 3 speeds: Low, Medium and High
- Deep-cleans rooms up to 150 square feet, 6 times per hour
- Whisper-quiet operation
- Electronic touch control
